INVITATION

Organized By
Akdeniz University &
GREEN

The Organizing Committee warmly invites you to the Hybrid **11th International Conference on Nutrition, Food, Environmental, and Agricultural Sciences (ICNFEAS-XI)**, scheduled for Nov 7-8, 2026, Istanbul, Türkiye. This event is jointly organized by Akdeniz University (Türkiye) under an official collaboration agreement with the Global Research, Education and Event Network (GREEN). The primary objective of this conference is to bring together members of the global scientific community, providing an international platform where researchers from around the world can present their cutting-edge work. The conference welcomes high-quality technical research submissions related to all major themes and tracks of the event.

The conference program is exceptionally rich, featuring high-impact presentations that reflect the latest advancements in the field. This event offers a unique opportunity for participants to explore innovative research findings within their areas of expertise while also broadening their knowledge across related disciplines.

***With our warmest regards,
Organizing Committee***

WHY TO ATTEND

Organized By
Akdeniz University &
GREEN

Celebrating a Decade of Excellence

ICBMS-X marks the 10th edition of our renowned conference series. Building on the success of past events in Turkey, Hungary, Italy, and the UK, we continue to provide a world-class platform for scientific exchange.

Hybrid Participation

Whether you prefer to join in-person in Istanbul or virtually via Zoom, Microsoft Teams, or Skyroom, ICBMS-X offers flexible attendance options to suit your schedule and needs.

Diverse Presentation Opportunities

Submit your abstract or full-text paper for oral or poster presentations, available for both online and on-site participants. Share your research with a global audience and gain valuable feedback.

High-Impact Publication

Accepted abstracts and papers will be published in our peer-reviewed journals:

 International Journal of BioLife Sciences (IJBSL)

 International Journal of BioMed Insights (IJBMI)

Both journals are indexed in Google Scholar, DOI, CrossRef, and DOR, giving your research international visibility.
